# Victor Colina

Software Engineer

Metropolitan area of Santiago

---

## Experience

### Freelance Web Developer

Front-End Developer

January 2022 - Present (3 months)

Metropolitan area of Santiago, Chile

Project:

[www.maoclean.cl](http://www.maoclean.cl)

### Tectronix SpA

Front-End Developer

January 2021 - December 2021 (6 months)

Valparaíso, Chile

Development of a web application for the management of risk certificates for construction companies, where users and companies are registered and certificates are uploaded. Implementation of new requirements and bug fixes in other web applications in production. The technologies used were Angular, Highcharts and DevExtreme.

### ConfortSur

Front-End Developer

February 2020 - April 2021 (1 year 3 months)

CABA, Buenos Aires Argentina

My position here was to provide the right approach for a retail store. I was supporting the development of a financial application where the focus was on setting up a scoring and reward system based on customer purchases. The technologies involved while I was in this position were React.js, React Router, Redux and Javascript.
